Providing verification of your qualifications

The University will request to receive officially verified copies of your qualifications. If you are taking an overseas or European qualification you will need to provide us with certified copies of your results. The University may also request verification of British, Irish or A level qualifications taken prior to 2015.

You should submit any certified official documents as soon as possible to be received no later than 3 August 2015. These can be e-mailed to admissions@rau.ac.uk (only pdf files in colour and good definition will be accepted). The originals must be submitted on the day of your registration.

How to ensure that copies of your qualifications are correctly certified

Photocopies will need to be verified by your School or by a British Council official. Photocopies of your certificates/results must meet the following conditions:

1. Each page must be signed and stamped by your school (or by a British Council official)
2. The signatory must also print their name and job title
3. If the qualifications/results are in a language other than English then an official translation of the original document must also be submitted at the same time

If you are an international student you should send us your documents as soon as possible as we cannot issue a CAS until you receive an unconditional offer. Non-EEA students who require a Tier 4 visa must also send a verified copy of their English Language proficiency as it is required by the UKVI regulations.

If the University finds that the examinations/qualifications you have declared on your UCAS form are inaccurate or you are unable to verify them, the University reserves the right to withdraw the offer or cancel your application.

Visa advice for international students

Overseas (non-EU/EEA nationals) applicants who hold offers of a place at the Royal Agricultural University are advised to allow plenty of time to apply for and obtain their student visa. You can apply for your visa up to three months before the start of your course. To apply you will need a CAS (Confirmation of Acceptance for Studies) number from us so that you can complete your Tier 4 student visa application.

Background Information Pro Forma(BIPF)

Starting in early May, all overseas offer holders who have accepted their offer will receive an e-mail with instructions on how to submit this important form.

- The BIPF form is mandatory for those overseas students who require a CAS number, which is used to apply for a student visa. The BIPF form must be completed and returned within 1 week of the receipt of the e-mail and no later than Friday 7 August 2015.
- Confirm your passport details to us
- Return the financial document to be used in support of your visa application

ROYAL AGRICULTURAL UNIVERSITY
CIRENCESTER

Overseas students who require a student visa will not be issued a CAS number until the form has been completed and returned to us.

Visa Support Team

We have a Visa Support Team, who are immigration/visa specialists with extensive experience. The Visa Support Team provides you with a one-to-one personalised service covering every aspect of the visa application process and is always available to give you whatever advice you need in relation to your UK study visa.

This specialist service is provided to you free of charge. When you have been given an unconditional offer by the RAU, the Visa Support Team will be in contact to guide you through the visa application process.

Please note the free visa support is only for student visas of students, who are studying with the RAU. The Visa Support Team can provide help with other visas, such as for dependents, but there would be a charge for those services.

The Royal Agricultural University has Highly Trusted Sponsorship (HTS) and is on the Home Office's Register of Sponsors. For all visa enquiries please contact visa.support@rau.ac.uk.

Confirmation of Acceptance for Studies

The CAS is a unique reference number issued to the RAU by the Home Office after we supply them with details regarding your programme of study, admissions and personal details. A CAS can be issued to you only once you have met the conditions below:

- Firmly accepted your unconditional offer
- Paid the required deposit for your course(or provided evidence of your financial sponsorship/student loan)
- Completed the BIPF form
- Confirmed your passport details to us
- Returned the financial document to be used in support of your visa application

Once you receive your pre-CAS statement e-mail you should check that the information it contains is correct paying special attention to your name, nationality, passport details and qualifications listed. If you notice an error you should immediately contact

visa.support@rau.ac.uk

ROYAL AGRICULTURAL UNIVERSITY
CIRENCESTER

Once the CAS number has been assigned by the Home Office, the Admissions Office will e-mail you to let you know and we will provide your CAS statement and number to the Visa Support Team. The CAS statement lists the evidence we used to assess your application when making a decision to offer you a place. You will need to submit evidence of these qualifications (in the form of original certificate/transcript) along with your visa application

Important:

Please keep us up-to-date with any changes to the information contained in the CAS statement (e.g. passport number) so that we can update the Home Office and avoid your visa application being rejected.

Newsflash April 2015: A new Immigration Health

Surcharge(IHS) was introduced on 6 April 2015. Payment is separate to the Tier 4 application and you must obtain an IHS number before submitting your application for a Tier 4 visa. The IHS costs £150 per year for a student. It is calculated on the basis of the length of the visa you will be granted. For example a 12 month Masters student will be granted a visa for 17 months, so they will have to pay £225. The IHS is

mandatory and failure to pay the correct amount could lead to a refusal of your visa. Some people are exempt, but they will still need to obtain an IHS number to include in their Tier 4 application

To pay for the IHS please follow the steps below:

1. Read the [UKVI web pages](#) for the up-to-date information on the IHS;
2. Find out [when you need to pay](#) the surcharge or if you are exempt from payment;
3. Calculate how much your surcharge will be using the [Home Office Calculator](#). You should refer to your course dates as stated on your CAS.
4. [Create an account](#) and pay for your IHS. (N.B. If you have dependants, you can add their details at the same time you make your payment. There are various ways you can pay, but you should be aware the cost may be higher depending on the exchange rate).
5. Keep a copy of the email you are sent by the Home Office with your IHS number for reference. You will be required to write the number on your Tier 4 application form.

ROYAL AGRICULTURAL UNIVERSITY
CIRENCESTER

When to apply for your visa

Our Visa Support Team will help you with your Tier 4 application. Please note that you cannot start a Tier 4 application until a CAS has been assigned by the RAU. If you apply without a CAS your application will be refused.

A CAS number is valid for 6 months and can only be used once. You can apply for a visa from up to 3 months before the sponsorship start date stated on your CAS. We strongly advise you to apply as early as possible in the 3 month window.

If you are already studying in the UK at a different institution you will have to apply for a Tier 4 visa for the RAU before you can register and start your course. You cannot start your programme at the RAU if you hold a Tier 4 visa for a different institution.

You will need to submit your passport as part of your application and attend a biometrics appointment. We strongly advise you not to arrange any other travel until your visa is granted.

Maintenance costs and financial requirements

If you are coming to study in the UK you will need to prove that you have enough money to pay for our course fees and your living costs while you are studying here. The Home Office refers to these as the maintenance (funds) requirements. You will need to prove that you have:

- Tuition fees for the first year of your programme or for the entire course if it is less than a year long
- Maintenance for up to 9 months of your programme (for students studying outside London in 2015 the maintenance level was set at: £820 per month. i.e. you will need to show 9monthsX £820= **£7,380**).

If you have studied in the UK recently, you may be able to show just two months' funds (2 X £820= £1,640). To see if you have an "*established presence*" read the paragraph further below.

Important: You must show that you have held the required money for a consecutive 28 day period (finishing on the date of the closing balance) ending no more than 31 days before your application.

The Home Office will accept only specific documentation and it is essential that you follow the guidance given by our Visa Support Team and the Home Office policy [guidance](#) to ensure that you can use and obtain these documents in time to apply for your visa.

ROYAL AGRICULTURAL UNIVERSITY
CIRENCESTER

Monies paid towards tuition costs

We will update the Home Office CAS database with details of any tuition fee payments you make. This enables them to take such payments into account when calculating your ability to finance your studies in the UK.

Your CAS statement will list any accommodation deposits paid in advance. We advise that you pay a maximum of £1,020 for RAU accommodation before you apply for your Tier 4 visa.

If you make a payment towards your fees we will make updates to the Home Office database approximately within 48 hours after the money has cleared with our bank. Please ensure that you also write to the Visa support Team to inform us of any payments/additional tuition fee payments you have made. You must wait for an updated CAS statement from us before applying for your visa if you need to show that you have paid money to the RAU.

Important: It can take up to two weeks for monies to clear, so, you will need to plan for this when preparing your visa application.

You should not make payments if you have a visa appointment within the next fortnight as it is likely that we may be unable to issue you with an updated CAS statement before your appointment.

ROYAL AGRICULTURAL UNIVERSITY
CIRENCESTER

“Established presence”

Note: You cannot have a lower amount of money if you make your Tier 4 application on or after 12 November 2015. This section is not relevant to Tier 4 applications made on or after this date, unless you are applying for leave to remain under the [Tier 4 \(Doctorate Extension Scheme\)](#).

The UKVI guidance states that an applicant is considered to have an established presence if you have:

current entry clearance, leave to enter or leave to remain as a Tier 4 migrant, as a student, or as a Post-graduate Doctor or Dentist, and on the date of your application:

- you have finished a single course that was at least six months long within your last period of entry clearance, leave to enter or leave to remain, or
- you are applying for a continued study on a single course where you have completed at least six months of that course; or
- you are applying for leave to remain as a Tier 4 (General) Student on the Doctorate Extension Scheme.

You can qualify for the reduced maintenance levels whether you are applying from inside the UK or from overseas. You cannot amalgamate two or more courses to make up the six months study.

If you have an established presence studying in the UK, you must show that you have money for your course fees plus:

- **Outer London or anywhere else in the UK** £820 for living costs for each month of your course up to a maximum of 2 months.

The weather in the UK is changeable. Temperatures may go down as low as -3 degrees Celsius during the winter (Dec-March) and as high as 32 degrees during the summer (June-Aug). Rainfall is common but most of the time is light.

If you arrive in September we suggest you bring a sweater and a light (waterproof) jacket or a small umbrella for the journey. A pair of comfortable waterproof shoes is also recommended. Agriculture and Equine students are advised to have a pair of wellington boots.

There is no particular dress code. In general students tend to dress informally (jeans, T-shirt, trainers) whilst on campus. Smart clothes are occasionally worn either for recruitment events with employers or on social events such as the Freshers, the Christmas and the May ball.

Electrical appliances

Electricity in the UK operates on 220-240 volts. You should check your appliance manual to ensure it will work in the UK. You will also require a three pin plug adaptor which is available in most shops.

ROYAL AGRICULTURAL UNIVERSITY
CIRENCESTER

Check with your home service provider before you travel to the UK. It may be expensive to make calls in the UK and back home from your current phone. Pay as you go phones can be bought for as little as £5 although individual call and text charges may be comparatively higher. Pre-pay phones do not require a UK bank account or address so they may be easier to buy if you are waiting to open a bank account. Do shop around to get the best deal before you decide!

Pre-departure briefings (British Council)

The British Council runs 'pre-departure briefings' in many countries for students who are planning to study in the UK. At these events, British Council staff gives you advice about what to pack, travelling to the UK, settling in and much more. More information is available on the British Council website: <http://www.educationuk.org/global/articles/predeparture-briefings/>

The RAU International orientation is a 2 week programme that includes a variety of formal and social activities to introduce you to the University, your School and to help you settle in to your studies.

FAQs

What happens if I experience difficulties at examination time?

We understand that circumstances can arise which have a detrimental impact on exam performance. If you marginally miss the conditions of your offer at Confirmation, the School will consider severe extenuating circumstances in mid-August. Unfortunately, there is no guarantee that we will be able to confirm your offer.

I am not taking A-levels. Will you get my results automatically?

We receive results for BTECs and for most International Baccalaureate students automatically from UCAS. However, we are

I have changed my mind about the course I want to study. Can I change to another course?

Please contact us to discuss this. It may be possible, but it will depend on whether places are still available, how competitive the new course is, and whether your subjects and grades are suitable. If the course you wish to study is in the same area or department as your original one, there is a good chance you will be able to change, but this cannot be guaranteed.

I have changed my postal and/or email address. What should I do?

Please notify UCAS and the Undergraduate Admissions Office of your new address in writing as soon as possible.

What happens if I have applied for deferred entry?

If your offer is for deferred entry (i.e., you are intending to take a gap year), you must still satisfy all the conditions of your offer by 31 August 2015. If you are successful in meeting those conditions, or if your offer is already unconditional, a place will then be reserved for you to start in September 2016.

I no longer want to go to University, who do I tell?

It's important to contact [UCAS](http://www.ucas.com) who will inform your chosen universities that you do
